

The Wedding Guild of Wales Member list –

Say **YES** to the **BEST** wedding companies in south Wales

Introduction

The Wedding Guild of Wales is now celebrating our 9th year. We are wedding professionals ourselves, experienced and involved in the wedding industry in Wales for many years.

We wanted to create a place where brides can choose a supplier, safe in the knowledge that the main criteria for inclusion in the Guild is good old fashioned customer service backed up with a passion for providing quality products and services and conducting their business with integrity.

NONE of our members pay to join. It is totally free to those that qualify and we set that bar high:

Businesses must have been in business for at least THREE years

They must have a website

They must have insurance

They must be registered with HMRC

They must be recommended by THREE existing members who have worked with them a number of times

We genuinely have a passion for doing what is right by our customers - giving you wonderful suppliers that are GENUINELY recommended.

When you choose a supplier from the Guild, you know you will be choosing from some of the very best Wales has to offer. All businesses were hand picked from a group of suppliers that regularly work together at weddings and events.

Every member was selected for their experience, due care to customers, first class work ethic and just as important, business integrity.

They have indeed all EARNED recommendations, purely through building excellent reputations in their own right.

When booking any of the fabulous people from The Wedding Guild of Wales, you can trust your hard earned money is in safe, reliable, and professional hands.

We also work extremely well together because of the business relationships we have built over the years. Our main objective is to help give you the wedding you want, no matter how intimate or grand the occasion.

We have a website that lists our members - browse through the categories and contact your supplier directly and discover the difference!

Members list

Some companies feature more than once as they are listed in more than one category
